---

There's always a little stardust  
Falling from the sky  
Making magic happen  
Here beneath the heavens high  
If you try hard enough  
To make your dream come true  
Some day some lucky stardust  
Is going to fall on you

Everybody wonders  
When their time will come  
Out of all the winners  
Who'll be the lucky one?  
It's written in the stars  
If you believe in what you do  
Some day some lucky stardust  
Is gonna fall on you

If you believe with all your heart  
In everything you do  
Someday some lucky stardust  
Is gonna fall on you
