Took a wild idea
Trying to be a song
Figured we'd rein her in
And it wasn't very long
We jumped that magic beast
And rode it to the top of the world
We're no emotion hidiers
We're song riders

Song riders
Dream spiders
Weaving a world wide refrain
Song riders
Word gliders
Riding the melody range

Once we get it going
It could fly away
But we won't let it go
We'll hang on all day
So keep that train of thought
Ride it with all you've got
Known by far and widiers
We're song riders

We're song riders
We're word gliders
We keep on riding every day
We're song riders
We're tune guidiers
We show the song how to play
Then we saddle up and ride it away
We're song riders
