An old radio sitting on the window sill
Playing Fats Domino, playing Blueberry Hill
Walking After Midnight with Patsy Cline
Ray Charles singing Crying Time

Nat King Cole was king
Till Johnny B Goode showed up
When Elvis started shaking
He left us all shook up, sho nuff
Good Golly Miss Molly
That's where I found my thrill
It started with a radio sitting on the window sill

Along came the Beatles with a ticket to ride
Going to Kansas City, uptight, out of sight
The Doors lighting fires on Dock of the Bay
Hendricks blew my mind with Purple Haze

Nat King Cole was king
Till Johnny B Goode showed up
When Elvis started shaking
He left us all shook up, sho nuff
Good Golly Miss Molly
That's where I found my thrill
It started with a radio sitting on the window sill
